

COMPLAIN HANDLING MODULE

INTRODUCTION

Chhattisgarh Medical Services Corporation Limited (CGMSCL) has been established as the central agency for procurement, quality testing, storage and supply of all kinds and varieties of generic drugs & medicines, sutures, and surgical items to various health facilities across the State. These include Medical Colleges, District Hospitals, Community Health Centres (CHCs) and Primary Health Centres (PHCs). The procurement and distribution are carried out as per the indents and requirements received from the Health Department.

Pre-distribution Quality Assurance

- Before distribution of medicines/materials, quality testing is mandatorily conducted only through Empanelled labs and/ or CDL/NIB/DTL.
- Distribution and utilization are permitted only after the materials are found to conform to the prescribed quality standards as defined in various regulatory authority monographs or other sources.

Complaints during Shelf Life

- If, during the shelf life of medicines/materials, **any physical changes or complaints are reported** from drug warehouses/health facilities at the time of distribution or usage,
- A defined **Complaint Handling Procedure** shall be followed.

COMPLAINT HANDLING PROCEDURE

A. COMPLAINT REPORTING FROM WAREHOUSES:

1. **Health Facilities (Medical Colleges, District Hospitals, CHCs, PHCs, etc.)** report complaints related to medicines/materials to the **concerned Warehouse**.
2. Sometimes during routine **physical verification or stock inspection**, warehouses may themselves identify issues/complaints related to medicines/materials.
3. Such complaints must be **reported to the Head Office in the prescribed format through the DPDMIS Software** for further action.
4. The warehouse in-charge shall ensure that all relevant details (batch number, expiry date, nature of complaint, and quantity involved) are accurately entered in the system.
5. A unique complaint reference number shall be generated in DPDMIS for tracking and follow-up.

Details to be filled by **Warehouse Incharge in DPDMIS Software** for reporting complaint

Select Type of Complaint

Type of complaint	Physical damage	Adverse Drug Reaction	Poor Quality
-------------------	-----------------	-----------------------	--------------

In case of Physical damage														
S.N.	Item Code	Item Name	Tender No.	PO No.	Firm Name	Batch No.	Mfg. Date	Exp. Date	Physical Stock at WH	Total Stock Indented at Facility	Physical Stock at complaint facility	Name & Address of complaint facility	Details of complaint (PDF)	check with WH Stock if same complaint is present at WH also

In case of Adverse Drug Reaction																
S.N.	Item Code	Item Name	Tender No.	PO No.	Firm Name	Batch No.	Mfg. Date	Exp. Date	Physical Stock at WH	Total Stock Indented at Facility	Physical Stock at complaint facility	Name & Address of complaint facility	Details of complaint (PDF)	check with WH Stock if same complaint is present at WH also	Duly filled AD R Form	OP D Slip

In case of Poor Quality														
S.N.	Item Code	Item Name	Tender No.	PO No.	Firm Name	Batch No.	Mfg. Date	Exp. Date	Physical Stock at WH	Total Stock Indented at Facility	Physical Stock at complaint facility	Name & Address of complaint facility	Details of complaint (PDF)	Description of poor quality with reason

6. Sample Collection and Forwarding

- For every complaint received, **samples of the complaint batch are collected from the reporting Health Facility.**
- These samples are **channeled through the respective Warehouse** and sent to the **Head Office (HO)** for detailed examination and laboratory testing.
- The Warehouse In-charge ensures that:
- Samples are sealed, properly labeled (with batch number, expiry date, and complaint reference), and accompanied by relevant documents.
- A record of dispatched samples is maintained in DPDMIS for tracking.

B. RECEIPT AND REGISTRATION OF COMPLAINT AT HO:

1. **Receipt and Registration of Complaint at QC**
 - All complaints received from Warehouses should be acknowledged in DPDMIS.
 - Sometimes complaints are received Directly from **Health Facilities (Medical Colleges, District Hospitals, CHCs, PHCs, etc.)**. In such cases concerned Warehouses should be informed about such cases and DPDMIS entry should be done by Warehouse Incharge and same should be then acknowledged by QC in DPDMIS.
 - Complaints shall also be formally recorded in the complaint register.
2. **Hold on Distribution and Usage**
 - Once a complaint is reported in **DPDMIS**, the concerned **batch is put on HOLD** for distribution and usage.
 - This system control ensures that no further supply or utilization of the **complaint batch** takes place until the quality investigation is completed and a final decision is communicated by the Head Office.
 - The “HOLD” status in DPDMIS remains active until either:
 - ❖ The batch is **cleared for continued use**, or
 - ❖ A decision for **rejection/withdrawal/recall** is issued.
3. **Sampling and Testing**
 - Representative samples of the complained batch/ material shall be received physically and entry should be done in DPDMIS.
 - For such samples testing Auto lab selection with complaint sample flagging (only visible at QC & GMT) should be done.
 - Testing should be done at atleast two empanelled labs and CDL/NIB/DTL/Any other relevant Government labs.
 - Samples collected and sent for laboratory analysis to labs as selected by DPDMIS.
4. **Preparation of Preliminary Report**
 - Test result should be received and shall be documented and reported to the competent authority.
 - A primary assessment report shall be prepared based on the findings of initial examination and test reports.

C. DISPOSAL OF COMPLAINT

- After completion of testing and review of reports, the matter shall be placed before the **Complaint Handling Committee**.
- The **Complaint Handling Committee** shall comprise the following members:
 - Two members from Directorate of Health Services (DHS) – **preferably MD in Medicine / Surgery / Pathology / Pediatrics / Pharmacology**.
 - Two members from Directorate of Medical Education (DME) – **preferably MD in Medicine / Surgery / Pathology / Pediatrics / Pharmacology**.
 - General Manager (Technical), CGMSC
 - Drug & Material Quality Control (DMQC) Officer
 - Senior Scientific Officer (SSO)
 - Doctor available at CGMSC
- Functioning of the Complaint Handling Committee
 1. **Decision Timeline**
 - The Complaint Handling Committee shall review the case and **take a decision within 7 working days** from the date of receipt of the complete complaint report and test results.
 2. **Quorum Requirement** : For a valid meeting and decision:

- At least **one member from DHS** must be present.
 - At least **one member from DME** must be present.
 - At least **three members from CGMSC** must be present.
3. **Deliberation and Decision:** The Committee shall examine all facts, documents, and test reports, and recommend one of the following:
- **Unhold** the batch if found satisfactory.
 - **Declare NSQ** if found Not of Standard Quality.
 - **Uplift/Recall** if distributed and unsafe.
 - **Action on Firm as per tender terms and condition** if manufacturer/supplier is at fault.

D. DOCUMENTATION AND REPORTING

- All actions taken, along with supporting evidence, shall be documented and reported to the competent authority.

E. FOLLOW-UP AND MONITORING

- Post-action monitoring shall be conducted to ensure effective implementation and prevention of recurrence.
